

MOSAIC FILM EXPERIENCE™

TODAY'S YOUTH. TOMORROW'S STORYTELLERS.

mosaic mobile

Mosaic Film Experience reimagines students' pathways to emerging and creative industries through innovative education and workforce development experiences, by connecting students directly with industry-leading professionals, hands-on projects, and interactive workshops. Mosaic Mobile bridges the gap between classroom learning and evolving careers. In an era when storytelling and digital media skills are essential, another way Mosaic prepares students for the future and empowers them to express their own unique voices.

Students Make Mobile Films

Students will shoot, edit, and enter a two- to-three-minute short film made entirely on a mobile device (phone or tablet).

Why Mobile?

With mobile technology leveling the content creation playing field, we show students they can use tools they already have to tell original and impactful stories.

Submission Criteria

Each Mosaic Mobile film requires a theme, prop, and saying. The three requirements are intentionally open-ended to encourage your student's interpretation and creativity.

ACCEPTING SUBMISSIONS

Submit Mosaic Mobile films through October 13
