

MOSAIC FILM EXPERIENCE™

TODAY'S YOUTH. TOMORROW'S STORYTELLERS.

Today's youth. Tomorrow's storytellers.

Mosaic Film Experience reimagines students' pathways to emerging and creative industries through innovative education and workforce development experiences. By connecting students directly with industry-leading professionals, hands-on projects, and interactive workshops, Mosaic bridges the gap between classroom learning and evolving careers. In an era when storytelling and digital media skills are essential, Mosaic prepares students for the future and empowers them to express their unique voices.

Mosaic Event

The annual Mosaic Event inspires students by creating a space to experience storytelling through creative ideas and technology. Each year, an eclectic group of national and international speakers from digital media, entertainment, and tech share inspiration and insights with students about their journey and the lessons they have learned.

With a series of interactive workshops, we invite local professionals to connect students to the exciting work in digital media and technology happening in their own community. The Mosaic Event helps students understand how classroom learning can be applied to future careers they may never have considered.

WHEN

November 2, 2023
9:00 AM - 1:30 PM
