Mosaic Mobile Student Film Competition

Mosaic Mobile is a short film competition for students with cash prizes.

Students Make Mobile Films

Students will shoot, edit, and enter a two- to three-minute short film made entirely on a mobile device (phone or tablet). Mosaic Mobile is open to any student attending any Michigan high school in 2020.

Why Mobile?

With mobile technology leveling the content creation playing field our focus is on Storytelling. We show students that they can use tools that they already have to tell original and impactful stories.

Submission Criteria

Each Mosaic Mobile film requires the use of a theme, prop, and saying. The three requirements are intentionally open-ended to encourage your student's interpretation and creativity.
